

Global importer, processor, and purveyor of industrial spices, capsicums, herbs, and aromatics.

From our humble beginnings in 1948 as one of New York's original imported gourmet food shops to today as a global importer, processor and purveyor of spices, capsicums, herbs and aromatics, Kalustyan Corporation's worldwide spice trading expertise has provided customers with the quality and value necessary to compete in an ever-changing marketplace. Through strong personal ties to major producers in the Far East and other areas, we have access to the world's most important spice growing regions. This extensive supply network enables us to provide our customers (wholesale/industrial foodservice) with the most up-to-date information to help them develop their purchasing strategies.

Cage Code: 67J31 DUNS Number: 012087284

Turmeric	White Pepper

Differentiators

- ✓ We are **FSMA Compliant** (Food Safety Modernization Act)
- ✓ We are an **FDA & USDA Accredited** Facility
- ✓ Our 100,000 sq. ft. processing plant and corporate headquarters is strategically located in Union, New Jersey. With eleven loading docks, a humidity controlled cold storage room, and custom spice cleaning and cryogenic-milling systems, Kalustyan Corporation has the flexibility and capacity to satisfy even the most demanding customers.
- ✓ We have revolutionized the way spices look, feel, and taste. By cryogenically-milling our products at sub-zero temperatures we are able to maintain, and even optimize, flavor. Standard grinding techniques generate heat, resulting in a substantial loss of volatile oils and moisture.
- ✓ We strive to give you the highest quality products. As such, we have implemented an intense food safety and crisis management protocol, as well as rigorous product testing procedures. These initiatives have allowed us to the score the **highest possible rating** on both the **GMA Safe** and **Intertek** third-party audits.
